Dear Speaker Pelosi, Leader McCarthy, Chairwoman DeLauro and Ranking Member Granger:

On behalf of the membership of the National Association of Insurance Commissioners (NAIC), we write today to thank the House Appropriations Committee for the funding increase for the State Health Insurance Assistance Program (SHIP) for FY 2023. We urge Congress to retain this funding increase in the final bill and continue to support these important resources for our citizens.

The primary goal of SHIPs is to advise, educate and empower individuals to navigate Medicare, Medicaid, Medigap and long-term care insurance and to help beneficiaries make choices that best meet their needs from the vast array of options. SHIP assisters are well trained and are able to address consumer questions and complaints quickly and effectively.

The nation's state insurance regulators recognize the valuable role that the SHIPs have played in helping America's seniors, people with disabilities and their families through consumer education. The NAIC thanks the Committee for the increased FY 2023 funding so SHIPs may continue their important work.

Sincerely,
