

2022
Supplemental Health Care
Exhibit Report

2023

The NAIC is the authoritative source for insurance industry information. Our expert solutions support the efforts of regulators, insurers and researchers by providing detailed and comprehensive insurance information. The NAIC offers a wide range of publications in the following categories:

Accounting & Reporting

Information about statutory accounting principles and the procedures necessary for filing financial annual statements and conducting risk-based capital calculations.

Consumer Information

Important answers to common questions about auto, home, health and life insurance — as well as buyer’s guides on annuities, long-term care insurance and Medicare supplement plans.

Financial Regulation

Useful handbooks, compliance guides and reports on financial analysis, company licensing, state audit requirements and receiverships.

Legal

Comprehensive collection of NAIC model laws, regulations and guidelines; state laws on insurance topics; and other regulatory guidance on antifraud and consumer privacy.

Market Regulation

Regulatory and industry guidance on market-related issues, including antifraud, product filing requirements, producer licensing and market analysis.

NAIC Activities

NAIC member directories, in-depth reporting of state regulatory activities and official historical records of NAIC national meetings and other activities.

Special Studies

Studies, reports, handbooks and regulatory research conducted by NAIC members on a variety of insurance-related topics.

Statistical Reports

Valuable and in-demand insurance industry-wide statistical data for various lines of business, including auto, home, health and life insurance.

Supplementary Products

Guidance manuals, handbooks, surveys and research on a wide variety of issues.

Capital Markets & Investment Analysis

Information regarding portfolio values and procedures for complying with NAIC reporting requirements.

White Papers

Relevant studies, guidance and NAIC policy positions on a variety of insurance topics.

Supplemental Health Care Exhibit Report

INTRODUCTION

The passage of the federal Patient Protection and Affordable Care Act (PPACA) led to the development of the Supplemental Health Care Exhibit. The report provides more granular financial information by health plan, so that regulators and policymakers will be able to better evaluate health plan profitability. The purpose of the Supplemental Health Care Exhibit Report is to provide state and federal regulators with aggregated data, as well as market share data. The supplemental exhibit is intended to assist state and federal regulators in identifying and defining elements that make up the medical loss ratio (MLR). The report is also intended to track and compare financial results of health care business as reported in the annual financial statements. Thus, the numbers included in this supplemental exhibit are not the exact numbers that will be utilized for rebate purposes due to possible revisions for claim reserve run-off subsequent to year-end, statistical credibility concerns and other defined adjustments.

Aggregation and Calculation of Data

This report utilizes the term “aggregated” to describe data developed by summing the annual statements of individual companies. In order to represent more completely the data as reported on the annual statements, all data are aggregated directly from the numbers reported to the NAIC. The Supplemental Health Care Exhibit is included in the following NAIC annual statement blanks: property/casualty; life, accident & health; health; and fraternal.

The Preliminary MLR and Claims Adjustment Expense Ratio in the Aggregated Annual Statement Data section of this publication are calculated by aggregating each component of the ratio and then calculating the ratio as defined in the Supplemental Health Care Exhibit. The ratio results are shown in the same format as reported in the exhibit.

Report Format

This report contains the following sections:

Aggregated Annual Statement Data

- This section reflects data reported in the Supplemental Health Care Exhibit on an aggregated basis for the three Comprehensive Health Coverage columns (Individual, Small Group Employer, and Large Group Employer), the Mini-Med Plans (Individual, Small Group Employer, and Group Large Employer), Expatriate Plans (Small Group and Large Group) and Student Health Plans.

Comprehensive Health Coverage – Individual

- This section contains Individual Comprehensive Health Coverage market share data. Market share data are based on premiums earned reported in the Supplemental Health Care Exhibit. This allows the report to contain a more complete view of the market share information.
 - Market Share by Legal Entity by Number of Covered Lives – This section includes a total market share by legal entity by number of covered lives, both nationwide and by state.
 - Nationwide – Top 100
 - By State
 - Market Share by Legal Entity by Health Premium Earned – This section includes a total market share by legal entity by premium earned, both nationwide and by state.
 - Nationwide – Top 100
 - By State
 - Market Share by Top 10 Groups/Companies by State by Health Premium Earned – This section includes a total market share, across all of the states, for the top 10 groups/companies. Insurance groups are made up of insurance companies that are related by common ownership. The market share reports show data by group for those insurers that are a member of a group.

Comprehensive Health Coverage – Small Group Employer

- This section contains Small Group Employer Comprehensive Health Coverage market share data.
 - Market Share by Legal Entity by Number of Covered Lives
 - Nationwide – Top 100
 - By State
 - Market Share by Legal Entity by Health Premium Earned
 - Nationwide – Top 100
 - By State
 - Market Share by Top 10 Groups/Companies by State by Health Premium Earned

Comprehensive Health Coverage – Large Group Employer

- This section contains Large Group Employer Comprehensive Health Coverage market share data.
 - Market Share by Legal Entity by Number of Covered Lives
 - Nationwide – Top 100
 - By State
 - Market Share by Legal Entity by Health Premium Earned
 - Nationwide – Top 100
 - By State
 - Market Share by Top 10 Groups/Companies by State by Health Premium Earned

Mini-Med Plans – Individual

- This section contains Individual Mini-Med Plans market share data.
 - Market Share by Legal Entity by Number of Covered Lives
 - Nationwide – Top 100
 - By State
 - Market Share by Legal Entity by Health Premium Earned
 - Nationwide – Top 100
 - By State
 - Market Share by Top 10 Groups/Companies by State by Health Premium Earned

Mini-Med Plans – Small Group Employer

- This section contains Small Group Employer Mini-Med Plans market share data.
 - Market Share by Legal Entity by Number of Covered Lives
 - Nationwide – Top 100
 - By State
 - Market Share by Legal Entity by Health Premium Earned
 - Nationwide – Top 100
 - By State
 - Market Share by Top 10 Groups/Companies by State by Health Premium Earned

Mini-Med Plans – Large Group Employer

- This section contains Large Group Employer Mini-Med Plans market share data.
 - Market Share by Legal Entity by Number of Covered Lives
 - Nationwide – Top 100
 - By State
 - Market Share by Legal Entity by Health Premium Earned
 - Nationwide – Top 100
 - By State
 - Market Share by Top 10 Groups/Companies by State by Health Premium Earned

Expatriate Plans – Small Group

- This section contains Small Group Expatriate Plan Health Coverage market share data.
 - Market Share by Legal Entity by Number of Covered Lives
 - Nationwide – Top 100
 - By State
 - Market Share by Legal Entity by Health Premium Earned
 - Nationwide – Top 100
 - By State
 - Market Share by Top 10 Groups/Companies by State by Health Premium Earned

Expatriate Plans – Large Group

- This section contains Large Group Expatriate Plan Health Coverage market share data.
 - Market Share by Legal Entity by Number of Covered Lives
 - Nationwide – Top 100
 - By State
 - Market Share by Legal Entity by Health Premium Earned

- Nationwide – Top 100
- By State
- Market Share by Top 10 Groups/Companies by State by Health Premium Earned

Student Health Plans

- This section contains Student Health Plan Coverage market share data.
 - Market Share by Legal Entity by Number of Covered Lives
 - Nationwide – Top 100
 - By State
 - Market Share by Legal Entity by Health Premium Earned
 - Nationwide – Top 100
 - By State
 - Market Share by Top 10 Groups/Companies by State by Health Premium Earned

Company Index

An index listing the insurer groups and individual companies included in the insurance groups reported in this publication has been added at the end of the report. Insurers continuously merge, change names, and buy and sell companies; however, the index gives a “snapshot” view of group structures as filed with the NAIC by the date this report was generated.

Definitions

The health insurance industry is broad and not all terminology carries the same definition. To avoid ambiguity and to help ensure this report is not misunderstood, some definitions have been provided. For more definitions within the Supplemental Health Care Exhibit, please use the NAIC *Annual Statement Instructions* (for property/casualty; life, accident & health; health; or fraternal).

Small Group Employer – Small group health plan means a health plan offered in the small group market as such term is defined in state law in accordance with the federal Public Health Service Act (PHSA). The Protecting Affordable Coverage for Employees Act as Public Law 114-60 (PACE Act) amended section 1304(b) of the ACA and section 2791(e) of PHSA on October 7, 2015, to revise the definition of small employer for the purposes of the market reforms under title 1 of the Affordable Care Act and title XXVII of the Public Health Service Act. The PACE Act generally defines a small employer as an employer who employed an average of 1-50 employees on business days during the preceding calendar year, but provides States the option of extending the definition of small employer to include employers with up to 100 employees. States that elected to extend the small employer definition to up to 100 employees for coverage effective January 1, 2016, were requested to notify CMS of their election by October 30, 2015. States that elected to extend the small employer definition with another coverage effective date were requested to notify CMS as soon as practicable. If a State made this election, the definition of small employer must have been applied uniformly to all health insurance issuers in the State, including those in the Small Business Health Options Program (SHOP). This definition of small group applies to the Comprehensive and Mini-Med coverage of definitions for small group below.

Large Group Employer – Groups that do not fall under the definition of Small Group Employer under state law in accordance with PHSA, ACA, and PACE Act; i.e. the number of employees is

above the definition of small group employers as defined by state law in accordance with PHSA, ACA, and the PACE Act.

Health Premium Earned – Direct written premium plus the change in unearned premium reserves and the change in reserve for rate credits. Premiums earned on novated policies and on 100% assumption reinsurance where policyholders have consented (via opt-in or failure to opt-out) to the replacement of the original policy issuer (including cases where full servicing of premiums and claims have been transferred) by the assuming reinsurer.

Preliminary Medical Loss Ratio – Add Deductible Fraud and Abuse Detection/Recovery Expenses, Total Incurred Claims, and Total of Defined Expenses Incurred for Improving Health Care Quality, then divide by Adjusted Premiums Earned.

Comprehensive Health Coverage – Individual – A health insurance option whereas the policy is issued to an individual to cover the individual and/or their dependents in the individual market. This includes conversions from group policies.

Comprehensive Health Coverage – Small Group Employer – All policies issued to Small Group Employers. Includes small group health plans. Small group health plan means a health plan offered in the small group market as such term is defined in state law in accordance with the federal Public Health Service Act (PHSA).

Comprehensive Health Coverage – Large Group Employer – All policies issued to Large Group Employers (including the Federal Employees Health Benefit Plan (FEHBP) and similar fully insured state and local programs).

“Mini-Med” Plans, also referred to as “limited benefit indemnity health insurance plans,” include all policies that have a total annual limit of \$250,000 or less. The definition of individual, small group employer and large group employer is the same definition as used for Comprehensive Health Coverage above.

Mini-Med Plans – Individual – A health insurance option whereas the policy is issued to an individual to cover the individual and/or their dependents in the individual market. This includes conversions from group policies.

Mini-Med Plans – Small Group Employer – All policies issued to Small Group Employers. Includes small group health plans. Small group health plan means a health plan offered in the small group market as such term is defined in state law in accordance with the federal Public Health Service Act (PHSA).

Mini-Med Plans – Large Group Employer – All policies issued to Large Group Employers (including the Federal Employees Health Benefit Plan (FEHBP) and similar fully insured state and local programs). Large group employer as defined for Comprehensive Health Coverage-Large Employer.

“Expatriate” Plans include policies referenced in Section 158.120(d)(4) of the MLR Interim Final Rule as policies that provide coverage for employees, substantially all of whom are: working outside their country of citizenship; working outside of their country of citizenship and outside the employer’s country of domicile; or non-U.S. citizens working in their home country.

Expatriate Plans – Small Group - All policies issued to small group employers that provide coverage for employees as defined as “Expatriate” above. The PACE Act (Public Law 114-60) §2(a) revised the definition of small employer to include groups with up to 50 (or 51) employees, except in those states exercising an option under PPACA §1304(b)(3) to define “small group” as “an employee who employed an average of at least 1 but not more than 100 employees on business days during the preceding calendar year and who employs at least 1 employee on the first day of the plan year”. PACE §2(b) revised PHSA §2791(e) the same way PPACA was revised. The PACE Act was signed into law October 7th, 2015.

Expatriate Plans – Large Group – All policies issued to large group employers that provide coverage for employees as defined as “Expatriate” above. These policies can be reported on a nationwide, aggregated basis, in the large group column. The amounts should be reported on the appropriate domiciliary state page. Includes group with the number of employees above the state definition of small employer, these include groups with 100 or more employees.

Student Health Plans – A type of individual health insurance coverage that is provided pursuant to a written agreement between an institution of higher education and a health carrier and provided to students enrolled in that institution of higher education and their dependents.

Qualifications

The accuracy of the reports included in this publication depends on the accuracy of the information contained in the Supplemental Health Care Exhibits filed by insurers. Even though the data elements used to prepare the reports are extracted from exhibits filed with the NAIC, the NAIC cannot verify or guarantee the accuracy of every data element.

While the NAIC exercises a great deal of care in capturing data from the annual financial statements and producing various reports, as with any statistical project of a significant magnitude, errors can occur. Consequently, the NAIC makes no representations or warranties with respect to the accuracy of the data and statistics in this report.

Filing Requirements of the Supplemental Health Care Exhibit, as per the Annual Statement Instructions

A schedule must be prepared and submitted for each jurisdiction in which the company has written direct comprehensive major medical health business, or has direct amounts paid, incurred or unpaid for provisions of health care services. In addition, a schedule must be prepared and submitted that contains the grand total (GT) for the company. However, insurers that have no business that would

be included in Part 1, Column 1 through Column 9 for ANY of the states are not required to complete this supplement at all. If an insurer is required to file the supplement, then the insurer must complete Part 1 and Part 2 for each state in which the insurer has any health business, even if a particular state will show \$0 business reported in Part 1, Column 1 through Column 9 (see the 2% instruction below). Also, Part 3 must be completed for any state in which there are non-zero amounts in Part 1, Column 1 through Column 9.

Run-Off and Reinsurance Business

Similarly, insurers in run-off (major medical claims incurred with zero major medical earned premiums) or that only has assumed and no direct written major medical business in any of the states are not required to complete this supplement. However, 100% assumption reinsurance with novation (or 100% indemnity reinsurance for administration of a block of business entered into prior to March 23, 2010 - see HHS Reg. 158.130 (a)(3)) is treated as direct business for purposes of this supplement (included as direct business for the assuming reinsurer and excluded from direct business for the ceding insurer). Otherwise, the reinsurance data required in this supplement is only for use if an insurer writes direct major medical business and also assumes and/or cedes such insurance.

If an insurer has direct earned premiums to include in Part 1, Column 1 through Column 9 or 12 of Part 1, but also has some business in run off (major medical claims incurred for 2015 policy year and prior, with zero major medical earned premiums or no coverage in place), the run off claims and expenses results should be reported in Part 1, Column 1 through Column 9 or 12. (If an insurer files the supplement and has a state in which the only Column 1 through Column 9 or 12 business is run off business as defined above, the insurer can report the run-off business for that state as if it was other health business along with any other health insurance reported in the Other Health Business columns of Parts 1 and 2.)

The allocation of premium and claims between jurisdictions should be based upon situs of the contract. For purpose of this exhibit, situs of the contract is defined as “the jurisdiction in which the contract is issued or delivered as stated in the contract.” For individual business sold through an association, the allocation shall be based on the issue state of the certificate of coverage. When the association is made up of employers, it should be reported as large group or small group depending on the size of each employer. For employer business issued through a group trust, the allocation shall be based on the location of the employer. For employer business issued through a multiple employer welfare arrangement (MEWA), the allocation should be based on the location of each employer.

Include only in this schedule the business issued by this reporting entity. Business that is written by an unaffiliated entity as part of a package provided to the consumer (e.g., inpatient written by this legal entity, outpatient written by unaffiliated separate entity) should not be included in this exhibit. Similarly, business written by an affiliated legal entity as part of a package provided as an option to the group employer (e.g., out-of-network coverage written by an affiliated entity and in-network coverage written via this legal entity) should not be included in this exhibit.

Comprehensive health coverage (Column 1 through Column 3) includes business that provides for medical coverages including hospital, surgical and major medical. Include risk contracts and Federal Employees Health Benefit Plan (FEHBP), stand-alone plans and any other comprehensive plans addressed in PPACA and not excluded. Exclude mini med plans and expatriate plans and student health plans, as these are reported in Column 4 through Column 9. Stand-alone plans (e.g., stand-alone pharmacy) excluding Medicare Part D stand-alone addressed in PPACA and not excluded should be reported in the appropriate column that corresponds to the details of the plan.

Do not include business specifically identified in other columns (e.g., uninsured business, Medicare Title XVIII, Medicaid Title XIX, vision-only business, dental-only business, Children's Health Insurance Program (CHIP), Medicaid Title XXI risk contracts, and short-term limited duration insurance). Stop loss coverage for self-insured groups should be reported in Part 1, Column 11 (Other business excluded by statute).

Other Qualifications

Please Note: This only includes insurers that are required to file to the NAIC. This data is not supplemented with health premium information from health insurers that are exempt from filing to the NAIC. For example, some insurers are regulated by the California Department of Managed Health Care, which does not provide data in this level of detail. Further, ERISA plans exempt from state-based insurance regulation are not included.

The data may not match data in other publications or exhibits of the NAIC because the Supplemental Health Care Exhibit has a specific purpose, as stated above.

Any questions about the report may be referred to Bill Rivers (NAIC) at (816) 783-8142 or Jane Koenigsman (NAIC) at (816) 783-8145. Additional copies can be obtained from an NAIC representative at:
